City Ok's \$11,000 In Sewer Projects

The City Council Tuesday night called for bids on the Terral Heights and East Gillis St. sewer projects and considered application for raising the storage capacity of Cameron's Little River dam.

Totaling about \$11,000 in projected construction, the two sewer projects will begin as soon as bids are accepted.

Property owners in both areas have granted final approval for easements for installation of the lines.

W. D. Bigbee, city public works superintendent, said the two projects will tie in with Cameron's master plan for a sewerline system ringing the city.

Councilmen also approved a \$1,043.75 project for a sewerline extension from E. 20th and Davis Sts. to E. 20th and Harding Sts. in northeast Cameron. The project is the third called for by Cameron property owners in the past six months.

And the council received a petition from 30 property owners in west Cameron requesting sewerline service.

Bigbee noted that work on drainage and levels has been going on in west Cameron in the past year.

Approval of three projects coincided with City Sec. Wayne Wieser's announcement that the city will carry a \$31,000 surplus into the 1958-59 fiscal budget. He said an audit of city records starts today.

T. E. Lundy, representative of Joe J. Rudy Consulting Engineers, Fort Worth, said that the enlarged Little River dam would give Cameron a water potential of three million gallons per day, more than double the present intake. It would increase the water acreage for Cameron usage to 27 acre feet.

Costs \$35,000.

He noted that the existing dam would serve as the center of the proposed addition. Estimated cost would be about \$35,000.

Mayor Bassel Wilson said that the city police department under the supervision of Councilman Lincoln Mondrik has cut operating expenses from \$2,228 in June to \$1,285 in September. He said fines totaling \$450 were collected last month and city court will hear 12 more cases this week.

The council also granted Station KMLM permission to class its mobile news unit as an auxiliary police unit.

Monta Moore, 70

Dies In California

Monta Moore, 70, son of the late Mr. and Mrs. Monta J. Moore, early Cameron residents, died Friday of a heart attack at his ranch near Pauma Valley in Southern California.

Mr. Moore attended Cameron schools and will be remembered by many Cameron friends.

He was a veteran of World War I and was wounded in the Battle of Argonne Forest.

In addition to his widow, he is survived by two brothers and two sisters, all living in the Los Angeles area.

No. 1 Perry Drills

At 9,616-Foot Depth

General Crude Oil Company No. 1 P. H. Perry, Milam County deep well located six miles south of Milano, was drilling ahead after several days spent in coring at 9,150 feet.

The test was drilling at 9,616 feet at last report late last week on a 14,000 foot permit.

Sources said that the Perry was continuing to encounter trouble in the hard formation and was drilling at from one to two feet an hour.

Weather Notes

The weatherman reports a possible break in the cloudy weather by Friday afternoon. At Bellville, the weather is expected to be clear and cool Friday night.

Rainfall totaling .19 inches fell in the Cameron area during the past seven days. Data is courtesy of the City Water Department.

TO INSPECT UNIT — Brig. Gen. Clayton P. Kerr (left) will inspect Battery C, Milam County's National Guard unit, Tuesday in the first command inspection of the local AAA battery since 1951. To the right of an unidentified officer stands Lt. Col. Olin F. Brewster, battalion commander of the 649th AAA Battalion, Battery C's parent unit. Gen. Kerr is commander of the 49th Armored Artillery Division.

Gen. Kerr To Inspect County Guard Unit

The officers and men of Battery C, 649th Anti-aircraft Artillery Battalion, Milam County's National Guard unit, will receive a command inspection by Brig. Gen. Clayton P. Kerr, Division Artillery commander of the 49th Armored Division on Tuesday evening, October 14, the unit reported today.

Gen. Kerr will be accompanied on his inspection by several of his staff officers from DivArty, and also Lt. Col. Olin F. Brewster, the 649th's C O and other Battalion staff officers from Temple.

It will be the first command inspection Gen. Kerr has made of Battery C since his visit here in 1951.

He will observe the training and interview some of the Guardsmen in ranks during the Tuesday night drill period. Also he will inspect the Battery's armory facilities, equipment and records during the evening.

Gen. Kerr has expressed much interest in Battery C's new Armory building now in process of construction, and is expected to give it his attention while here.

Construction has been held up recently by some steel doors, windows and their frames which had to be specially manufactured in shops in Wisconsin and New York, but work will resume on their arrival here within the next few days.

The Al G. Kelly and Miller Bros. circus will come to Cameron Friday, October 24, according to Arthur W. Miller, general representative of the organization.

He said the show is making its 36th tour this season and will stop in Cameron for the first time in 20 years.

Rated second only to the Ringling Bros. Barnum and Bailey show, the Kelly Miller Bros. circus will bring a big top show that will include a menagerie of animals, Miller said.

He added that the circus will set up on grounds on north of Cameron on US 190-77.

Services Held For Bob Terry Thursday

Funeral services for Bob Terry were held at the First Methodist Church in Cameron 2 p.m. Thursday.

The Rev. E. J. Davis officiated and burial was in Oak Hill Cemetery.

Terry, 69, died early Wednesday morning October 1 at his home in the Minerva community.

He took an active interest in Cameron civic life before moving to his ranch in 1950.

He was a member of the City Council from 1937 until 1950, a member of the First Methodist Church and a charter member of the Cameron Country Club.

Survivors include his wife, Mrs. Bob Terry; two sons, Howard and Robert L., both of Houston; one daughter, Mrs. Orlette Watson of Clifton; three brothers, Gibb, Roy and Charles, all of Cameron; and four sisters, Mrs. Henry Pattino, Cameron, Mrs. J. L. Barmore, Cameron, Mrs. Percy Y. Weishuhn, Houston and Mrs. L. J. Wheelless of Covington, La. Also surviving are eight grandchildren.

Grid Rally-Parade To Set Stage For Bellville Game

Football Train Will Take Fans To Top Contest

Boosters by the trainload were winding up plans to follow the Cameron grid Yoemen to Bellville tomorrow night for a featured non-district clash with the vaunted Brahmas of Bellville.

Cameron Jaycees announced final plans for sale of tickets at two downtown locations and by members of the Junior Chamber of Commerce.

A pre-game parade-bonfire-rally starting at 6:45 p.m. today at the Milam County Courthouse is expected to attract a huge crowd of students, team boosters and on-lookers.

The rally will culminate in the lighting of a gigantic bonfire at Lawless Green, according to Jaycee President Bill Crockett.

To Attract Crowd

The Jaycees third football train in the past four years is expected to take from 700 to 1,000 Yoemen boosters on the 14-car train to Bellville, a city of 2,500 south of Brenham about 30 miles.

The train will leave Cameron's Santa Fe Station at 5:30 p.m. Friday and is expected to arrive in Bellville about 7:15 p.m., Crockett said.

The Yoe High School Marching Hundred will head the host of Cameron students and parents expected to board the Bellville Special.

Crockett said that tickets will be available up to 5 p.m. at Childress Insurance Agency and Caperton's 5 & 10 store in downtown Cameron. Tickets, costing \$2.50 for adults and \$1.50 for children 6 through 11, will also be available at the station from 5 until boarding time.

Sandwiches and soft drinks will be available on the train.

Plans call for general closing of most downtown businesses at 5 p.m. Friday to allow store employees and owners to make the trip, Crockett said.

Big Brahma Lbse

The Yoemen, recouping from a 18-7 loss to Taylor Friday, will be up against another heavy team, Coach Jim Speer told The Herald. He said the same starting lineup would go against the Brahmas at the 8 p.m. kickoff.

The Bellville train will stop only a few blocks from the field and fans can walk to the stadium. The train will standby for departure after the game and will return to Cameron about 12:15 that night.

Bellville officials will provide transportation for band instruments to the field and direct traffic for the Cameron fans.

The rally-bonfire and Bellville Special drew the endorsement of the Cameron Chamber of Commerce, Cameron Public Schools and a proclamation of Beat Bellville Days by Mayor Bassel Wilson.

Outlook Hopeful . . .

Clear Skies Seen

Weather and roads were of concern to some Yoe-amen boosters on the eve of the game at Bellville Friday night.

A weather report from the Bellville News' Ed Holder at presstime Wednesday showed that no rain had fallen in Bellville during the past few days and no rain was expected Friday night. Holder is editor of the News.

Weather reports in Cameron, about 90 miles northwest of Bellville, indicated mild, clear weather by Jaycee traintime Friday night.

And Trooper John Blansit, area state highway patrol officer, told The Herald Wednesday that the stretch of roadway between Somerville and Brenham on SH 36 was torn up by construction work.

Blansit also noted that a number of towns will have fans on the road for games Friday night.

Holder noted that the Bellville football field was in excellent shape for the game Friday.

Trooper Blansit advised fans to take the Bellville train if they plan to attend the game tomorrow night. He said the safe driving time would be over two hours one way.

Friday \$ Day Boosts Business, Merchants Say

Cameron's First Friday Dollar Day was a successful one, according to participating merchants.

The consensus of businessmen showed that sales were up throughout their stores with one concern reporting a major gain over the same day last year.

Bill McIntosh, owner of McIntosh's, noted heavy business throughout his store during the Friday Dollar Day promotion, second to be held in Cameron this year.

Good buying was reported throughout Penny's according to Manager Lewis McKee. He said it compared favorably with the previous year's Dollar Day and said buying was favorable Thursday, Friday and Saturday.

Lewis-Chili Shoe Store, Goldfarb's and Schigut's store officials also told The Herald that buyers were apparently eager to snap up the Dollar Day specials.

Gene Goldfarb said buying was generally good Friday and continued Saturday following Dollar Day. That he added extra clerks to wait on his customers at Lewis-Chili Shoe Store.

And John Schigut, operator of Schigut's, said Dollar Day buyers kept his staff busy throughout the day.

The Dollar Day promotion is a monthly sales special boosted by downtown merchants in Cameron.

Postmaster Notes New PO Schedule

Stamp and parcel post windows will be open from 8 a.m. until 5 p.m. at the Cameron post office according to a new schedule issued today by John Hays, postmaster. Hays said that this would not include the money order windows which will follow the old schedule of 8:30 a.m. to 5 p.m.

Proclamation

WHEREAS The City of Cameron desires to boost Yoe High School's Yoemen each and every game throughout the 1958 football season and,

WHEREAS The Cameron Junior Chamber of Commerce is making a special effort to boost the Yoemen at the Bellville game October 10 at Bellville by providing YHS boosters with a football train for the trip and,

WHEREAS The Cameron Quarterback Club, The Cameron Chamber of Commerce and the Cameron Public Schools have endorsed the Bellville football train as an enthusiastic means of assuring Cameron spectator support at the game and,

WHEREAS The Cameron Junior Chamber of Commerce and Cameron Public Schools have organized a pre-game Beat Bellville parade and rally-bonfire at Lawless Green Field for Thursday, October 9 and,

WHEREAS these activities are a visible means of promoting enthusiasm in school and civic activities, now,

THEREFORE: I, Bassel Wilson, Mayor of the City of Cameron, Texas do hereby proclaim Thursday October 9, and Friday, October 10, 1958, BEAT BELLVILLE DAYS in Cameron for the enthusiastic support of the Yoe High School football team at Bellville and throughout the remainder of the season.

Bassel Wilson, Mayor
City of Cameron, Texas

Buckholts Badgers

Face Smiley Friday

The Buckholts Badgers will face Smiley at 8 p.m. Friday on the Buckholts field for their second conference 8 man football game.

The Badgers lost to Kyle last week 28 to 14 on the Kyle field according to Louis DeWald, coach.

Bonfire-Rally To Boost Club In City Tonight

The Cameron Yoemen will get a flaming boost for victory at Bellville Thursday night at the school's grid rally-bonfire tonight.

Starting at 6:45 p.m. at Milam County Courthouse, a parade of students, Yoe High School band, fire and police vehicles will parade to Lawless Green for the rally-bonfire.

Highlight event of the rally will be lighting of the huge bonfire at Lawless Green.

Coach Jim Speer and Asst. Coach Murphy Webster will be on hand to call for a victory over powerful Bellville.

The rally will start the proclaimed Beat Bellville Days that will be highlighted by the Brahma-Yoemen game at Bellville 8 p.m. Friday.

The host of students and boosters are expected to board the Jaycee Bellville Special 5:30 p.m. Friday for Bellville.

The Yoemen will travel by bus to Bellville, about 90 miles southeast of Cameron.

Brahma starters will outweigh the Yoemen about 10 pounds to the man, Coach Speer said.

Cameron's Yoemen will meet with a talented crew of Brahmas headed by halfback Fred Deutrich and veteran linemen Byron Balka and Gene Wietstruck.

The same Yoemen team will start at Bellville that opened grid conflict with Taylor last Friday night.

School Official Discloses Events For Homecoming

Wiley Loughmiller, Cameron School Superintendent has announced homecoming activities for Yoe High School on October 17.

Homecoming queen nominees named by their class members are: Ann Swift, senior class; Kay Pernice, junior class; Rebecca Foster, sophomore class; Mary Ann Jones, freshman class.

Loughmiller said that the queen contest would be determined by the class float contest and ticket sales to the Homecoming game. The decorated floats will account for 2.3 of the vote and tickets sales 1-3.

Homecoming activities will begin at 11:30 a.m. with a parade in downtown Cameron and the football game at Yoe Field between the Yoemen and Belton at 8 p.m. Following the game seniors will act as hosts for a coffee in the Homemaking Department at the high school.

NM Fund Drive Begins

October 16 Meet

United Fund Workers from three civic groups began "Operation Big Push" Monday in the business districts of Cameron.

Campaign Chairman Don G. Humble said that volunteer workers from the Lions, Rotary and Kiwanis Clubs are calling on the 200 business firms for pledges prior to the general North Milam drive later this month.

E. O. Schiller, Jr., president of the North Milam United Fund, said the goal of this weeks drive was gaining pledges toward a major portion of the \$12,350 goal set for 1958.

Schiller said a meeting of all other volunteer workers in the North Milam Area will be called 8 p.m. Thursday, October 16, at the Milam District Courtroom.

Humble asked that workers from every North Milam community attend the workshop to plan a house-by-house canvass of Cameron and North Milam County. The North Milam Fund covers all of Milam County north of Little River while a similar drive is conducted in Rockdale south of the river.

Seven Agencies

Agencies participating in the 1958 drive are: Salvation Army, North Milam Charities, Red Cross, Boy Scouts, Girl Scouts, Heart Fund, and Library Fund. Funds for the library will be solicited only from Cameron, Humble said.

The special gifts drive will be completed before the meeting of workers for the house-to-house campaign, Humble added.

Appropriations for the agencies this year are: Boy Scouts, \$3,500; \$1,500; North Milam Charities, \$1,000; Red Cross, \$3,000; Heart Fund, \$100; and Library Fund, \$1,500.

Capitol Report State Supreme Court Ends Summer Recess

By Vern Sanford
AUSTIN, Tex.—Into and out of the State Supreme Court flow many of the most controversial issues of the day. Public officials, large corporations and important persons often are involved in the cases, and the lives of many less-celebrated persons frequently are affected by the decisions.

After a two-months summer recess the high court reconvened this month and waded into a stack of disputes. Among interesting cases either decided or due to be decided are these:

WATER RIGHTS are involved in a case filed by Southern Canal Co. of Houston against the State Water Board. Southern Canal wanted a permit to take 280,110 acre feet of water per year from the Trinity River for industrial use in the Houston area. Water Board refused the request, and the company appealed to the courts.

Upstream cities such as Dallas and Fort Worth had opposed the Houston company's request when it was before the Board. Oral arguments were centered on whether the courts have the right to review Water Board decisions. Supreme Court's ruling will have implications for every person interested in the course of Texas' water development.

KEEPING ROOMERS and setting up a church in a residential area were the cause of contention in two cases from Houston. In both cases certain property owners in university neighborhoods argued that other property owners were violating deed restrictions.

Lower courts ruled in favor of the room renters and church builders. Supreme Court agreed to review the roomer's case and denied a motion to force the lower court judge to move the student religious center.

OFFICE-SEEKERS had their inning in the usual contests arising out of the year's elections. George Parr, a familiar figure in the courts, won the right to a new trial in his effort to be certified winner in a 1956 election for Duval County Sheriff.

Laredo Attorney William Wright Sec'y of State Zollie Steakley to place his name on the general election ballot as a Constitution Party candidate for district judge. Steakley had refused on grounds Wright voted in the Democratic primary.

Myron Love, choice of Houston liberals won out in a dispute over the legality of his selection as

Democratic nominee for district judge. Harris County Executive Committee had ruled that no candidate filed in time for this office, and Love was nominated by the one-man District Executive Committee. Conservative forces had contested this method.

DAMAGE SUITS, labor-management controversy also commanded judicial attention. A gas explosion in the basement of allas, Baker Hotel, back in 1946, is the basis for one suit in which 83 petitioners ask some \$1,000,000 for deaths and injuries. High court sent it back to district court for new trial.

In Houston 311 workers of the AFL-CIO Office Employees Union picketed a construction project to protest the firing of one man. A lower court granted an injunction against the picketers, and the Supreme Court refused to interfere.

BETTER TRAVELING DAYS AHEAD

Holding promise of better traveling days ahead is the 1961-62 interstate advance planning program announced by the State Highway Commission.

Commission authorized the preliminary engineering studies for 255 miles of new interstate highways, consisting of 45 projects in 22 counties. Included in the advance planning will be completion of the gaps in the interstate highways between Dallas and Houston, Dallas and Texarkana and from Denton to Fort Worth to Hillsboro.

Cost of the program is foreseen as \$36,500,000 for land purchases and \$166,500,000 for construction.

WATER SAFETY LAW DUE
Some 280,000 Texas boat owners will have to obtain licenses for their craft if a proposed Uniform Water Safety Act is enacted by the 1959 Legislature.

Representatives of sportsmen's organizations, trade associations and safety groups drafted the measure. It is to be introduced by Rep. Ben Atwell of Dallas.

State Highway Department would have responsibility for registering boats. Enforcement of safety regulations would be the job of the state's various peace officers and game wardens.

REPUBLICANS JOCKEY FOR POSITION
Texas Republicans got no help from Secretary of State Steakley in their efforts to break into the first column on the general election ballot.

A Cause To Consider...

Each year there comes a knock on your door for a contribution, a contribution to the United Fund. And each year an intelligent approach to giving to many worthy causes comes your way when the United Fund makes its personal appeal for donations.

As we understand it, the North Milam Fund keeps the lion's share of those contributions in North Milam County, where we can see direct results of our donations.

If for no other reason, the United Fund idea means a convenient approach to giving when most people would give individually to the seven participating agencies.

For the businessman, it means one call rather than seven individual requests during business hours. For the individual on salary, it means he can give but once and not again be called on by any one of the seven groups represented.

The participating agencies have been screened for their actual need in the North Milam area. A screening committee has evaluated the many requests and set the individual agency's portion of the total \$12,350 goal at what that agency will specifically need for most of its operations in North Milam County.

The services of this drive reach out to all the communities in North Milam County as well as in Cameron. The services of the relief agencies, Salvation Army, Red Cross and North Milam Charities combine to meet the needs of disaster victims, the needy, transients and whomever requires aid in the North Milam area.

The Boy Scout and Girl Scout movement is steadily growing in North Milam County and needs the money budgeted for it. A Boy Scout executive now resides in Cameron to lend professional support to the needs of our youngsters.

And the library fund provides operating capital for the only library in North Milam County, an agency definitely vital to the educational growth of youngsters in Cameron and North Milam County.

These agencies are asking for your assistance but once, during October. Consider their cause, won't you.

THE LITTLE RIVER PHILOSOPHER

Sage Finds Russians Like
Money Just Like All Of Us

Dear editor:
When it comes to Russia, I don't know anymore about it than the foreign policy experts in Washington, but I was reading an article in a newspaper last night that has me stumped.

According to it, the Communist bosses in Russia have discovered that they get more production from individual workers when they give them a pay boost for extra work or for taking on more responsibilities.

"It is now maintained here that more and more problems can be settled with offers of cash rewards," Premier Krushchev announced. This bowled me over, or would have if I hadn't been stretched out on a couch when I read it.

You mean to tell me that the Russian people are after all human? You mean to say they like money the same as us capitalistic Americans?

Up to now, I had been led to believe that the Russians worked strictly for the satisfaction of seeing a five-year plan completed, and as soon as they got one finished they were miserable until their bosses announced another one. As I understood it, a Russian wasn't interested in getting his hands on any money of his own, all he wanted was a place to work, a picture of his dictator hanging on the shop wall, and a pal to sleep on at night, where he could dream happily about how much bigger their satellite was than ours.

But if the Communists are finding out money talks in Russia as it does around here, this opens up a brand new field of speculation. You start letting people have money, and the first thing you know the women will be going to beauty shops and swapping gossip, families will be demanding bath tubs and hot water, boys will start playing football, girls will start getting style-conscious, men will start buying fishing tackle, and before long somebody will turn up in the neighborhood with an automobile and then the dam has busted.

If the communists ever let the people get a taste of money and the advantages of getting ahead, the game is up. Scientific production is fine, but living is more fun. And to tell you the truth, despite how hard the Russian farmers worked the satellite land, I've always suspected most Russian farmers would swap all the satellites Rus-

sa will ever launch for one piece of land they could call their own.
Yours faithfully,
J. A.

We invite a closer look..

COST OF FUEL UP...AVERAGE PRICE PER KWH OF ELECTRICITY DOWN

ONCE making a pie for the family was a major chore because it meant that mother had to build a fire in the wood stove with her own two hands (after Pep and the boys had cut the wood). Today, you get the same tempting result simply by flicking a switch!

Because fuel is an important factor in its service to you, Texas Power & Light Company maintains a fuel exploration and research program in an effort to assure an abundant and economical source of fuel for the future. Its major power plants have been designed for the use of different

types of fuel and their location has taken into account not only the centers of the Company's power loads, but also the availability of known fuel reserves.

This is one of the ways in which TP&L research and planning keeps your average cost per unit for electric service down. Despite the rising cost of fuel (up 215% since 1946), and other increased costs of doing business, the average price per kilowatt-hour paid for TP&L residential service has gone down 21% since 1946 and down 43% since 1936.

Electricity is the biggest bargain in your family budget.
Example: YOU CAN COOK ELECTRICALLY... FOR ONLY \$1.50 TO \$2.25 A MONTH
*Average — for family of four.

Liberty Services For John Miller, Former Resident

Funeral services were held Saturday afternoon at 2 p.m. from the Liberty Church for John Miller, 66, who died in Ft. Worth Thursday. Rev. W. O. Angell of Gause conducted the services and burial was in the Liberty Cemetery.

Mr. Miller had lived in Milano County most of his life but for the past three years had made his home in Ft. Worth.

Survivors include three sons, Clyde of San Angelo; Clayton of Arlington and G. W. of Houston; two daughters, Mrs. Clara Mills of Liberty and Mrs. Myrtle Williams of Cameron; four sisters; Mrs. Polly Butler, Gause; Mrs. Ann Tyler, Gatesville; Mrs. Dora Turner, Gatesville; and Mrs. Mattie Malone of Milano. Also surviving are 17 grandchildren and 40 great-grandchildren.

Funeral arrangements were with Marek-Burns.

Registration With Selective Service Required At 18

Registration with the Milano County Draft Board now totals 3,524. Registration since a year ago last August totals 191 men, during the same period in the previous year registration totaled 174, about ten per cent less than registration for the last twelve months. Late registration has been nominal for the Milano County area according to draft board officials.

Total registration of eighteen year olds depends on the birth rate of males for any given year. In comparison with Milano County birth rate of males for some months in 1940, the indication is that registration is below what it should be, taking into consideration possible removals and births outside the county.

"Men who fail to register when required to do so subject themselves to penalties provided by Selective Service Law for failure to register", says August G. Kunz, Chairman of the Milano County Board, "and young men required to register will be doing themselves a favor if they will keep informed about Selective Service Regulations with regard to registration. We realize that most late registrations are due to ignorance of the law, but continued deliberate failure to register is something else. Any young man who just forgot to register or failed to register at the required time because he thought he did not have to will not be penalized if he will report to the local board office without further delay."

Any man eighteen years of age born since August 30, 1922 and not on active duty with the Armed Forces must be registered with Selective Service.

Randy Pick of Taylor, grandson of Mr. and Mrs. L. N. Ezzell is recovering from a case of membranous croup. Also their daughter-in-law, Mrs. W. H. Ezzell of McGregor is a surgery patient at King Daughters hospital in Temple.

Social Security Lists Schedule For Local Office

A schedule of visits during October, November and December to the communities serviced by the Temple office of the Social Security Administration has been released by Maurice M. Chastain, District Manager.

The social security representative will be available to answer questions about the provisions of the law, and he will assist persons in making application for old-age, survivors and disability insurance benefits, Chastain stated.

According to the schedule, the representative will be at the Dept. of Public Welfare, Cameron, Tuesday, October 7, 14, 21, and 28th. November 4, 18, and 25, December 2, 9, 16, 23, and 30, between 9:00 a.m. and noon.

Persons past retirement age are reminded that they need not stop working altogether to receive payments under the provisions of the Social Security Act. Benefits may be paid during all months of a year in which a person does not earn more than \$1200, and benefits may be paid for some months of a year in which the worker earns over \$1200, but not more than \$2080. Persons who are planning on making application in the near future are advised to contact their representative now.

MILAM COUNTY'S

FARM SCENE

Farm Improvement FHA Loans Available

To raise the values of their farms and increase their incomes, a number of Milam County farmers are thinking in terms of better soil conservation practices, permanent pasture improvement, full development and use of farm water supplies, and good drainage, reports Wayne C. Mann of the Soil Conservation Service.

Roy M. Wright, County Supervisor, said that the Farmers Home Administration has a loan program to help eligible farmers carry out needed soil and water conservation measures, and added that the

practices most needed and most likely to be carried on through the agency's loan in this area include terracing, pasture improvement, and developing farmstead water facilities.

The making of soil and water conservation loans to farmers who are eligible is one of the functions of the agency's county office located at Cameron, the county supervisor pointed out. Each county has a 3-member committee, and one of its duties is to determine whether or not an applicant is eligible for a loan. To be eligible the applicant must be a farm owner or operator, with necessary experience, whose credit requirements for soil and water conservation improvements cannot be supplied through private or cooperative sources.

The agency has completed approximately four years of making soil and water conservation loans under the present program, Wright said. During that time approximately 7250 individual farm families, have borrowed \$43,100,000.

About 80 per cent of this total helped farmers develop farm water and irrigation systems. This included buying pumps, motors and piping, drilling wells, and constructing and repairing irrigation ditches and laterals. Farmers used the rest of the loan funds to develop livestock and household water systems, and for soil conservation practices such as terracing, improving pastures, drainage, clearing and tree planting.

For the present fiscal year, Congress made \$5,500,000 available for direct soil and water conservation loans. This is in addition to a larger amount which local banks or other private lenders may advance for this type of loan, with repayment in full insured by the Farmers Home Administration.

'EGGTOBER'

October has been tabbed as "EGGtober" by planners of a stepped-up promotion for eggs during the month. Marshall Miller, extension poultry marketing specialist, says the ultimate goal is to establish EGGtober on a continuing basis so it will serve as an annual reminder to all Americans that eggs are always a top food buy.

Farm Population

Almost two out of every five Texans are engaged in agricultural production or in supplying machinery and other farm and ranch needs or in processing and distributing farm and ranch products. This, says John McHaney, extension economist, amounts to about 40 per cent of the State's population.

Local Farmers, Stockmen Report Army Worms Invading Oat Fields

By J. D. Moore

Farmers and stockmen have contacted the county agents office this week reporting army worms in their oats. This condition is due to favorable moisture conditions. These worms can do extensive damage to small oats, particularly under unfavorable growing conditions for grain. Due to ideal growing conditions for grain, the damage will not likely be too great. Farmers and stockmen are warned to be on the alert for these worms and apply an insecticide if appreciable damage occurs. Four to six worms per square foot is considered a heavy infestation.

CONTROL MEASURES

One quart of a 2-1 mix (toxaphene-DT) applied with a cotton sprayer should give good control. A second application may be necessary where infestations are heavy. Where stockmen are depending on oats for grazing, airplane applications may be necessary if rains continue. Cool weather will slow down the worm activity.

CROCKETT WHEAT

Information regarding crockett wheat as a variety for Milam County received from experiment station reads as follows: Farmers should continue to plant Quana wheat and it should do better than Crockett in this area. Quana wheat has more disease resistance and a stiffer straw than crockett. Crockett has fair rust resistance in the later stages of growth, but its resistance to rust during the seedling stage is very minor. Crockett has yielded about as much as Quana in tests at Temple, but the disease resistance of Quana puts it ahead of crockett for this area.

SEEDING COASTAL BERMUDA
Livestock men asked for information concerning a new Coastal Bermuda grass strain that produces seed. This request came as a result of advertising promoting

a strain name NK-37. This is a selection of common bermuda grass reportedly found on an island in a river in Arizona. It appears to have unusually vigorous growth for common bermuda, and it does produce seed. It is advertised as having the advantage of coastal in addition to producing seed.

When publicity came out on the NK-37 strain of bermuda grass stating that it had been tested at Stations across the South, the Texas Experiment Station contacted all the Experiment Stations across the South and found that it had been tested only at the Alabama Station. They stated that when NK-37 was established from seed that spring they got a more rapid cover from it than they did from coastal and other bermudas that were sprigged on 12 inch centers. Also, they found that it remained green a little longer in the fall than the other bermudas. Then on the other side of the ledger, they found that the grass did not recover well from clipping and that it was severely infected with a leaf spot that did not affect coastal.

Conclusions: work at the Texas Station show that more than 90 per cent of attempts to establish common bermuda from seed in Texas field plantings have been failures. In order to establish bermuda grass from seed, it is necessary for the soil surface to stay moist for about 3 weeks, allowing the young plants to get started. We rarely have this condition in

County Cotton, Corn Still To Be Harvested

County Agent J. D. Moore estimated in his weekly crop report that 50 per cent of the county cotton is still in the field.

He added that 90 per cent of the grain sorghum was harvested with some corn still to be harvested and spotted areas of late maize ton is still in the field.

Livestock conditions continue excellent, according to Moore, and replacement stocker and feeder cattle are considered high property.

Texas during the growing season. We may get a lot of rain, but the top 1-2 inch to 1 1/2 inches of the soil usually dries out for a few days between rains. For this reason, agronomist at the Texas Stations do not recommend the establishment of any bermuda grass from the seed.

Don't be a statistic!

According to highway safety authorities, most serious automobile accidents happen at night. Poor visibility is an important cause.

Now that the days are getting shorter, make sure that your car's lights are functioning properly. Your Phillips 66 Dealer will be glad to help you keep your lighting equipment in top condition. Also, he has the fuses and sealed-beam units to fit your car.

If you possibly can, try to arrange your trips so that night-driving is kept to a minimum. And the first time your eyelids get heavy, pull over to the side and get some rest. The life you save may be your own!

NOW ON DISPLAY! New Swing-Out Swivel Seats invite you to discover the newness and greatness of the '59 Dodge, the first all-pushbutton car.

The Newest of Everything Great!

The Greatest of Everything New! New things, great things, reward you in this '59 Dodge. Seats swing out to invite you in. New HC-HE engines — high compression, high economy — deliver more thrust, use less gas. Orderly rows of buttons on a gleaming panel welcome you to the first all-pushbutton car, with fingertip control of driving and weather. New Level-Flite Torsion-Aire introduces you to three dimensional comfort—ride

control, road control, load control. Outside mirrors adjust from inside. Inside mirrors adjust themselves electronically to banish glare. A new Lustre-Bond Hi-Baked enamel finish keeps its sheen up to twice as long. Its Swept-Wing beauty sets the trend for other '59 cars. All this is great. But the final reward is the greatness built into this Dodge. It is deep down, through and through, and thoroughly satisfying.

Posivals Observe 50th Wedding With Reception

Mr. and Mrs. Ed Posival were recently honored by their children with a family dinner and open house at their home in Buckholts on their 50th Wedding Anniversary. A four-tiered wedding cake decorated in white and yellow and topped with a gold 50 was centered on a glass reflector. During the open house from 2 until 5 guests were served coffee, punch, cake and kolaches. Mrs. Ed Posival Jr. of Irving and Mrs. John Posival of Ft.

Worth assisted at the serving of refreshments. Miss Mary Frances Leskar presided at the guest book with a host of friends and relatives registering.

The children honoring their parents were John Posival of Ft. Worth; Ed Posival of Irving; Marvin Posival of Cameron and Mrs. Frank E. Leskar of Yarrington.

Guests were from Ft. Worth, Irving, Houston, Brenham, Corpus Christi, Cameron, Buckholts, Temple and Ennis.

Civic Garden Club Will Feature Public Workshop

A workshop, featuring the "Art of Flower Arrangement" in lecture and demonstration, will be conducted by Mrs. Frank Schiller, a nationally accredited flower show judge, for an all day meeting of the Civic Garden Club today.

The clinic will be held in the recreation room of the First Christian Church and is open to visitors. Participants are requested to bring conditioned plant material, containers, needle point holders, shears, clay and any other supplies needed for practice work. A "sack lunch" brought by each person in attendance, will provide the noon meal.

Mrs. R. G. Grabein, club president announced that a short business session would be held in connection with this meeting. Members will answer roll call by naming their favorite design for flower arrangements.

Plans will be announced for the forthcoming "Geriatrics Tea" to be held in the home of Mrs. R. G. Grabein. Each member of the club will honor a senior, "golden age" citizen who will be a guest for his tea.

"The Big Top" — Still Lives — 2nd Largest Circus Coming Friday, October 24th

Positive proof that the "under canvas circus" is still very much a part of "the American way of life" will be furnished residents of Cameron and vicinity on Friday, October 24th afternoon and night, when Al G. Kelly and Miller Bros., the Nation's largest circus erects its fabulous "tented city" at the North Highway 190 grounds. Contrary to the recent erroneous rumors that the American public has considered the "Big Top Circus" as "passe". The administrative staff of America's largest Circus reveal that during the previous year's tour, overwhelming success was registered at a majority of the 225 communities visited. The real old fashioned traditional circus under the "Big Top".

A standing invitation is extended the "children of all ages" to visit the showgrounds and witness the unloading, feeding, and watering the many animals, also the bewildering precision-timed erection of the "canvas city".

For the past quarter of a century this huge institution has found favor with both press and public alike over the entire North American continent including the U. S., Canada and Old Mexico. Undoubtedly this will mark the first appearance of a big circus here in many years.

Ben Arnold Church Starts Canvass With Congregation Dinner

The United Church of Christ of Ben Arnold is now conducting its first every member canvass with a congregation dinner and meeting scheduled for 6:30 p.m. October 16, according to the pastor, Rev. Gerald R. Cobb.

Rev. Cobb announced that the general committee working on the canvass was composed of: Irwin Vogelsang, program chairman; W. R. Kelm, chairman of the research committee; Mrs. Arnold Juergens, material chairman; Mrs. Edwin Leudecke, visitation chairman; and Charlie Lucko, general chairman.

Cameron Students Given Hearing Tests

Every child in the Cameron schools has been given a hearing test according to school officials. Wiley Loughmiller, superintendent, announced that in some cases the tests would be given a second time due to outside noise or other interference during the test. Loughmiller added that if a child is found to have a hearing loss, the parents will be notified immediately. He felt that tests would be evaluated within two weeks.

Nancy Dornier attended the Fair at Dallas Saturday and spent the weekend with Janice Pick in Rosebud.

Delphians Hear Club History At Tuesday Meeting

Miss Mildred Thornton was hostess for the Cameron Delphian Club Tuesday afternoon at the home of Mrs. M. G. Cox. Under the program titled "Guidesposts to Knowing Our Organization," Mrs. Tyson Freeman recited a poem in recognition of the past president and Mrs. Howard Baskin presented a history of the Cameron Delphian Club stating that 11 of the charter members were still active in the club work. Mrs. Carroll Green, vice president, recognized the guests: Mrs. J. C. Griffin, Mrs. L. A. Franke, and Mrs. J. R. Glass, all of Rosebud; Mrs. Maurice Grove of Mississippi; Miss Florine Hobson and Miss Lois Randolph.

Refreshments were served in the dining room with Miss Randolph presiding at the punch service. Following the program theme, the serving table centerpiece was a copy of the first study book used by the Cameron Delphians and a picture of the fashions of that day surrounded by an arrangement of autumn flowers.

Cameron Hosts County Teachers

Cameron PTA Hears Discussion On Grouping Plan

The Cameron PTA met at the Ada Henderson cafeteria Thursday evening for their regular business meeting and a special program on the schools "Grouping Plan."

Wiley Loughmiller, superintendent, emphasized that the basic motive of the grouping plan is the identification and education of the academically talented child.

Principal and chairman of high school service, J. R. Young explained that there were no slow classes and that only basic subjects had been placed in the grouping plan. He added that the purpose of these classes is to guide the gifted child into a more enriched program and to encourage him to become aware of his possibilities.

Leon Brady, principal and chairman of pre-school service, stated that in the lower grades the grouping plan enabled the teacher to give more individual supervision and to keep the fast pupil busy. He also said that achievement tests would be given at the end of the school year to help determine the value of the grouping plan.

In a special ceremony Mrs. O. B. Hardin and Mrs. Bob Foster were presented past-presidents pins and following the program cake and coffee were served in recognition of the state birthday.

In Ben Arnold Baptist Church Sets Revival For October 19-26 With Rev. Dusek

By Mrs. A. T. Swanzy
The Ben Arnold Baptist Church will hold a revival October 19 through 26. Rev. Thomas Dusek will be speaker with Mrs. Glenda Dusek as pianist and Sonny Swanzy as choir leader. Only night services will be held with prayer meeting at 7 p.m. and services starting at 7:30 p.m. each night. On October 26, following morning services, lunch will be served at the school building in Ben Arnold. Each family is asked to bring a picnic lunch. At 1:30 congregational singing will start at the church again and at 2 p.m. a 50th anniversary program will be held with Rev. T. A. Binford of Rosebud bringing the message at 3 p.m. All former pastors are invited to attend as is the public.

Rev. and Mrs. Gerald Cobb are in New York where Mrs. Cobb is doing some missionary work. Rev. Robert Kalkbrenner is filling the pulpit at the United Church of Christ while Rev. Cobb is away. Next Saturday night, October 11, will be out first do-si-do of this season. Everyone is invited to come out and have a good time. Refreshments will be for sale. The Boy Scout Meetings have been changed to Wednesday nights instead of Thursday, according to scout master Sonny Swanzy. This Wednesday will be the night to

YOEMEN TO BUCK BRAHMAS !

It's Cameron Vs. Bellville Friday Night At Bellville

CLASH OF GRID MACHINES . . .

The Yoemen again take to the road, this time to test their mettle against a highly vaunted Bellville squad that reached the quarter finals in AA football in 1957.

And the Yoemen, stinging from their 18-7 loss to Taylor last Friday, will be out for another victory against a powerful non-district opponent.

Join the hundreds of Yoemen fans going to Bellville on the Jaycee grid train and the hundreds of boosters planning to rally with the Cameron gridders at the Beat Bellville rally Thursday night at 6:45 in downtown Cameron. There is a parade, bonfire and rally at Lawless Field.

Don't miss this excellent match of two battle-tested grid elevens. They will give you a tremendous display of football prowess at Bellville Friday.

Schiller Motors To Present 1959 Dodge In New Showing Friday

Driver comfort, convenience and control features — including swing-out, swivel seats — highlight the 1959 Dodge, while jet-age refinements of the dart look create a new and distinctive exterior design, on display Friday at Schiller Motors.

The swivel-type front seats, an instrument panel concentrated more closely around a new "easier-to-get-by" steering wheel, plus pushbutton control of virtually all driver operations, head the list of 1959 advancements inside the new cars.

New styling treatment of both front and rear, side and roof, and sharply defined, canted rear fins introduce a dramatically new concept of styling.

A striking exterior design is keynoted by arched headlight "eye-brows" which curve inward and downward to the front grille. New taillights — patterned after jet-tubes — and new rear-end "control surfaces" on the fins provide a fleet, futuristic image.

Located at the intersection US 77 - US 190 and SH 36, Schiller Motors features a one-stop service at the agency auto department and at Schiller's Humble Service Station.

The aggressive Dodge-Plymouth dealership is ably managed by Partners Milton J. Schiller and Jerry B. Schiller.

"Our one-stop service includes a complete wash, lubrication and

polish service plus minor repair or a major overhaul if the motorist's car needs it," Milton Schiller says.

Schiller Motors employs a staff of 16 competent people to make Schiller Motors and Service Station truly a one-stop auto center.

Besides selling 1958 Plymouths and Dodge cars and trucks Schiller's are adding a wide selection of used cars to their sales department on a lot across from the agency on SH 36.

Schiller's service department is under the active management of Joe K. Kovar, who has 23 years of all-round mechanical know how. He has built a reputation as probably one of the best mechanics in the county, Schiller points out.

Wiese Lumber Presents Wide Line Of Building Sales, Service

Wiese Lumber Co. proudly serves Milam Countians building and repair needs, regardless of the job.

Owner Buddy Wiese, veteran lumberman and builder, backs up his company's policy of complete lumber sales and service with a life-long background of building experience and lumber yard management.

And his services include a wide range of materials and work in the lumber business.

Wiese's staff of four is available for immediate delivery of materials and estimates on building jobs regardless of size.

Complete Supplies
Wiese Lumber Co. also offers a

complete array of paints, roofing, nails, bathroom fixtures, plumbing supplies to bring building know how and quality building materials together.

His paint line includes Kem-Tone and Kem-Glo selections for any requirement of decorating or painting inside or outside the home or farm.

He also features Gold Bond ceiling tile and popular shutters for fashionable decor.

"We will make estimates on any type of job whether for a repair job or a new house," Wiese says.

"And when a customer orders some materials for immediate use, we give him immediate delivery," he points out.

Wiese Lumber Co. is open five days a week from 7:30 a.m. to 5 p.m. Monday through Friday and open until noon on Saturdays.

Wiese's building supplies include bricks and roofing of any kind and inside paneling for dens and family TV rooms.

Plans Drawn

"We can draw up plans and type, including houses, farm structures and large types of construction," he emphasizes.

"Your business is more than appreciated. It is taken care of completely and correctly at Wiese Lumber Co. Give us a ring today," he concludes.

New Cameron Introduces New Voucher Plan

New Cameron Drug is offering valuable gifts as savings to their customers through their new Milam Voucher plan.

Owner Earl Curtis says "Buy at home - save at home - and earn valuable premiums in Cameras, Toys, Appliances and lamps along with many other valuable items."

Milam Vouchers are an exclusive feature with New Cameron Drug.

"Premium vouchers may be earned with any purchase at New Cameron Drug," Curtis said, "and a list of the gifts with the amount of premiums needed are available at the store," he added.

New Cameron Drug is now featuring a fall line of merchandise including back to school supplies, as well as a fine stock of drug goods and an up-to-date prescription center.

"We maintain a fresh supply of anti-biotics and drugs that is as complete as we can make it," Curtis points out.

Curtis, a graduate of the School of Pharmacy, University of Texas, has received national awards for his merchandising and pharmaceutical work from Rexall Drug Co., drug distributors. They include a plaque for outstanding merchandising in drug business and a copy of an ancient mortar and pestle of the early 15th century.

New Cameron's prescription service includes direct lines to doctors offices for fast, efficient prescription service when time is of utmost importance.

"We're continuing to study all the new developments in the pharmaceutical field to keep up with the expanding needs served by pharmacy," Curtis says.

Another feature of the New Cameron Drug is the fountain service that operates from 8 until 6:30 each day except Sunday.

NOTICE ON ORDER
FOR
COUNTY-WIDE
STOCK LAW ELECTION

(HORSES, MULES AND HOGS)
WHEREAS, AT ITS Regular Meeting on September 8, 1958, the Commissioners Court of Milam County, Texas, duly adopted the following order:

"On this the 8th day of September, A. D. 1958, came on to be heard by the Commissioners Court of Milam County, Texas, at a Regular Meeting of said Court, the petition of two hundred eighty-two freeholders of Milam County, Texas, filed herein on the 6th day of September, A. D. 1958, praying that this Court order an election to be held in said Milam County, Texas, for the purpose of enabling the freeholders thereof to determine whether horses, mules and hogs shall be permitted to run at large therein, and, it appearing to the Court that such petition is in due form, that no election for such purpose has ever been carried in said Milam County, Texas, that no election to determine said question has been held therein within twelve months prior to the filing of such petition, and that such petition should be granted:

ACCORDINGLY, It is ordered that on the 4th day of November, A. D. 1958, such date being not less than thirty (30) days from the date hereof an election shall be held throughout Milam County, Texas, for the purpose of enabling the freeholders of said Milam County, Texas, to determine whether horses, mules and hogs shall be permitted to run at large in said Milam County, Texas.

FURTHER, it is ordered that such election shall be held and conducted and the returns thereof made in accordance with the laws regulating general elections, in so far as the same are applicable, and the laws applicable to stock law elections of such character; and the County Judge shall issue the order therefor and cause public notice thereof to be given, as provided by law".

the same now appearing of record in Volume 11, page 489, of the

minutes of said Court, and to which reference is here made:

NOW, THEREFORE, by virtue of the authority vested in me under such Order and the laws of this state, I, Charles C. Smith, Jr., County Judge of Milam County, Texas, do hereby order that on the 4th day of November, A. D. 1958, at the usual polling places in the several Election Precincts thereof, an election shall be held for the purpose of enabling the freeholders of said Milam County, Texas, to determine whether horses, mules and hogs shall be permitted to run at large in said Milam County, Texas.

AND IT IS FURTHER ORDERED:

That such election shall be held and conducted and the returns thereof made in accordance with the laws regulating general elections, in so far as the same are applicable.

That no person shall vote at such election unless he is a freeholder, and is also a qualified voter under the Constitution and laws of the State of Texas.

That all votes at such election shall be by ballot, and all ballots shall have printed thereon the words: "FOR LETTING HORSES, MULES AND HOGS RUN AT LARGE", and "AGAINST LETTING HORSES, MULES AND HOGS RUN AT LARGE". There shall be printed on such ballots just above the propositions to be voted on, this instruction note: "Scratch or mark out one statement so that the one remaining shall indicate the way you wish to vote". The voters shall mark their ballots and the votes shall be counted in accordance with this instruction note.

That on or before the 10th day after such election the persons holding such election shall make due returns of all the votes cast at their respective voting places for and against said propositions to the Commissioners' Court of Milam County, Texas, and same shall be opened, tabulated and counted by said Court in the same manner as provided for all general elections in this State.

That on or before the 10th day after such election the persons holding such election shall make due returns of all the votes cast at their respective voting places for and against said propositions to the Commissioners' Court of Milam County, Texas, and same shall be opened, tabulated and counted by said Court in the same manner as provided for all general elections in this State.

WITNESS the hand of the County Judge of Milam County, Texas, at Cameron, this 19th day of September, A. D. 1958.

Charles C. Smith, Jr.
County Judge, Milam County, Texas.

Who in the world built this beauty...
the only car with wide-track wheels?

EXCLUSIVELY YOURS—WIDE-TRACK WHEELS

Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the most beautiful roadability you've ever known—in America's Number ① Road Car!

PONTIAC! America's Number ① Road Car!

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look . . . it's inches lower without sacrificing roominess or road clearance. The first time you drive it, you'll discover this beauty handles city corners and clings to country curves in a way the conventional narrow-gauge cars can't hope to imitate. And the ride . . . the miraculous freedom from sway, dive and bounce . . . this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac
to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility . . . seats actually wider than a sofa . . . Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!

Come see why no other car can possibly be so new as the new Pontiac—three series: magnificent Bonneville, dramatic Star Chief and brilliant new Catalina.

Taylor Ducks Trip Yoemen For First '58 Loss, 18-7

The Taylor Ducks probably fooled the majority of Central Texas football fans Friday night when they handed the Cameron Yoemen their first defeat of the season, 18-7 in Taylor.

The Duck's Donnie Smith led Taylor's offense to the 18-7 win. Smith, one of Central Texas' fastest backs, showed his speed, picking up 62 of the 190 yards gained on the ground by Taylor.

The Ducks attempted only two passes until the second quarter when the weather allowed, picked up 100 yards on 7 completions in 14 attempts.

The Ducks beat Cameron to the goal scoring midway through the first quarter. Taylor drove from their own 43 yardline and picked up 2 first downs carrying them to

Cameron's 31.

Ford Races 31

Gene Love faked beautifully and spun, handing the ball to Budgie Ford who plunged through for a 31-yard dash and Taylor was in the money. The extra point pass play by Love failed, putting the Ducks ahead 6-0.

Ford was another offensive stand out for Taylor picking up 52 yards in 11 carries.

The Yoemen scored midway in the second quarter after a 51 yard drive. Halfback Archie Mraz carried from the 6 to paydirt.

The Yoemen had 135 yards to their credit in total rushing and Carrol Fikes picked up 31 yards in 7 attempts. John Josey garnered 36 yards, and fullback Jesse Kirk romped for 20 yards in 6 tries.

The Ducks were led on defense by Gene Raesz who appeared on the scene every time the Yoemen got a drive moving.

Ray Tepera and George Zarosky took charge of the Cameron defense as they have since the season started 5 weeks ago.

Taylor took the kickoff by John Josey on the 18 and Herbert Burnap returned the ball 55 yards before being forced out on the Cameron 25.

Smith picked up 6 yards, Burnap 1, Smith lost 1, and Ford plunged for 6 and a first down.

Donnie Smith went through the center for 5 yards, putting the ball on the 10.

Quarterback Gene Love attempted a pass that was intercepted by end George Zarosky on the 7.

Fikes and Hollas failed to pick up anything on the next 2 plays. Jesse Kirk booted the pigskin 50 yards and out of danger.

Taylor Takes Ball

Taylor picked the ball up on the 43 as Smith picked up 9 and Ford 1 for a first down on the Cameron 46.

Smith garnered a first on a 10 yard run, an incomplete pass and 5 yard run by Smith set the stage for the touchdown play.

Love faked out and spun, handing the ball to Budgie Ford down the middle and a 31-yard touchdown run. The pass play for extra point failed as did Taylor's other 3 attempts.

Carrol Fikes ran the kickoff back 12 yards to his own 34. Josey broke lose for 9 and 13 yard runs, carrying the ball to Taylor's 44 where Hollas fumbled the ball and Taylor took over.

Smith started off by being thrown for a 7 yard loss, Ford picked up 7. A quick kick then carried the ball 41 yards to the Cameron 14 where the ball was lost to Taylor on the 10 on another fumble.

Taylor took over on the Cameron 9 where Cameron was set back

5 yards due to a penalty putting the ball on the 14.

Fikes picked up a yard and Josey 4 as the second quarter began. Cameron took a 5-yard penalty. Kirk picked up 7 and booted the ball 39 yards to the Taylor 28.

Ford Fumbles

Smith picked up 7 and Ford lost 4. A 15 yard penalty against Cameron put the ball on Taylor's 46 and Smith picked up a yard before Taylor lost the ball to Cameron on a fumble by Ford.

Fikes carried for 2, Kirk lost 3, and Fikes picked up 10. Charles Hollas went around right end and pitched to Carrol Fikes when running into trouble who carried to the one yard line. A 5 yard penalty against Cameron took the ball back to the 6.

Archie Mraz in at halfback plunged through the right side of the line for 6 yards and a touchdown. The extra point kick off the toe of John Wayne Josey went good putting the Yoemen temporarily ahead 7 to 6.

Taylor completed 2 passes good for 50 yards but received two 15-yard penalties and a field goal at

tempt from the 12 was blocked. The second half started with Taylor receiving and managed to pick up 3 yards from their 35 after the runback where they were thrown for a 3 yard loss on the 38. The punt was good for 39 yards.

First Down

Josey picked up 3 yards from the Taylor 46 to the 43. Fikes got 5, and Mraz 3 good for a first down on the 35 yard line.

Jesse Kirk, running at fullback took off for a 12 yard dash. It was first at 10 on the Taylor 33 as the Yoemen wedged into scoring territory. Charles Hollas went around left end and pitched to John Josey who scampered to the Taylor 12 on another 12 yard run.

Cameron then attempted a pass that was intercepted by Archie Smith who ran it back 24 yards to the 34.

A pass to Love was good for 13 yards, and one from Smith to Fennerman, good for 16 yards, put the ball on the 14.

Another pass, the third in a row, picked up 8 yards from Smith to Raesz. Quarterback Gene Love plunged from the 6 to paydirt, putting Taylor permanently ahead, 12-7.

The extra point attempt failed. The kick went out of bounds and Cameron took the ball on their own 20.

Back to 5 Yardline

A 15-yard penalty against Cameron put them on their own 5 where Josey picked up 3 and Mraz 1.

DOLPHIN — J. F. McCrory, Cameron, landed this 4½-foot dolphin recently on a fishing trip at Freeport along the gulf coast. The dolphin was rated one of the largest caught at Freeport, McCrory and Bill Burnes, E. B. Camp and Andrew Esslinger landed several hundred pounds of red snapper on the trip.

Attends Insurance Clinic

James Wiggs, Cameron, attended a day-long seminar Friday at Temple on insurance planning and programs. A Temple insurance agency sponsored the program attended by about 60 insurance representatives from Central Texas.

Kirk kicked from the Cameron 9 and got the ball 36 yards down field.
